## Mission

**Inspire stewardship of the sea through inquiry-based learning and assist research efforts aboard low-impact vessels created to help solve the challenges facing our Ocean Planet.**

Ocean Planet Explorers is a 501(c)(3) nonprofit organization with a public charity status of 509(a)(2).

## *OPE's approach to the SEAS*

### Solutions

Research vessel design, create custom scientific research tools, vessel construction management.

[More Info](#)

### Education

Fully customizable marine science education for people of all ages and backgrounds.

[More Info](#)

### Awareness

A full range of marine ecology tours, such as whale watching and team-building adventures.

[More Info](#)

### Science

Provide vessels for marine science researchers and data sharing to marine science organizations.
